

Tri-County Health Centers are Here when you Need Us

Same Day Appointments

At Tri-County, we know that getting sick doesn't happen on a schedule. Same day appointments are available for sick and routine visits. Evening hours are available at both health center locations.

A Tri-County medical provider is available 24 hours! For urgent medical needs after hours, a provider is always available to answer questions and provide advice by phone.

Health Center staff and providers are available to communicate in English and Spanish, and interpreting services are available for most languages, and ASL. Our health history forms are available in English and Spanish.

**TRI-COUNTY COMMUNITY
HEALTH CENTER**

Healthy families.

Healthy communities.

Health is complicated. We can help!

Our caring health center team works with families to provide full service support, including help with medical insurance, in-house dental program, mental health and substance use counseling and treatment, and referral to social supports such as child care, heating assistance and food assistance programs.

Our centers are clean and easily accessible by car or bus. Patients are invited to let us know how we are doing! We offer patient satisfaction surveys and over 50% of the Board of Directors is represented by active Health Center patients.

Family Centered Primary Care

Our goal is to offer the resources that better the health of the entire family. From pregnancy to senior care, our team of exceptional doctors and nurse practitioners are here to help you achieve your highest level of good health. From annual check-ups to critical screenings, Tri-County offers a full range of services, including

- Family Medicine, Pediatrics and Prenatal Care
- Women's Health and Women's Cancer Screening Program
- Birth Control, Family Planning, and STI Screenings (Title X Services)
- Chronic Disease Prevention and Management
- Diabetes Management and Education
- Integrated Behavioral Health and Behavioral Health Counseling and Treatment
- LGBTQ+ Health Program
- Nurse Care Management
- Community Health Workers
- Patient Navigators (Assistance with Health Insurance)
- Discount Medication Program (340B Pharmacy Assistance)
- Medication Assisted Treatment for Opioid Use
- Nutrition Counseling
- On-site Pharmacist for Medication Counseling
- Women, Infants & Children (WIC) Nutrition Program
- Dental & Oral Health
- On-Site Lab Services

All are Welcome Here

At Tri-County, we welcome all individuals regardless of age, gender expression, sexual orientation, ethnicity or ability to pay. Sliding fee discounts are available for those who qualify and Patient Navigators are on-site to assist with enrollment to health insurance. We have interpreting services available for most languages.

Patient Centered Medical Home

Tri-County is a recognized practice as a Patient Centered Medical Home (PCMH) by the National Committee for Quality Assurance. As a PCMH, we provide a patient and provider team-based approach to achieving your healthcare goals.
