

It's Time to Get Vaccinated

Walk-ins Welcome!

Tri-County
Community Action Agency

An Update from us on COVID-19

We are excited to offer the COVID-19 vaccine to individuals age 12 and older at the Tri-County Community Action Agency Vaccine Clinics!

Beginning this Friday, we will be accepting walk-in, first dose appointments for the Pfizer vaccine.

May 21, 2021
8:30 am - 1:00 pm,
33 Maple Avenue, North Providence, RI.

Individuals under the age of 16 must be accompanied by their parent or guardian. There is no out of pocket cost to receive the vaccine, and health insurance is not required. You do not have to be a resident of Rhode Island to be vaccinated at the Tri-County vaccine clinic.

The COVID-19 vaccine is a safe, and effective way to protect yourself and others from infection, and to help stop the spread of the coronavirus disease. Visit us this Friday to receive your COVID-19 vaccine, and to help protect yourself, your family and your friends!

For information about the COVID-19 vaccine for adolescents age 12-15, visit
